

Hello all!

As you may all have heard or seen on the news, the super typhoon Maysak battered the islands of Chuuk, left hundreds homeless and even claimed a few lives. Our hearts and prayers go out to our loved ones that have been affected by this destructive typhoon.

We are setting up a "We Care" relief driving effort collecting whatever could be donated to help our people in need. We are grateful that Matson Shipping Line will be providing us with a 40ft container for this relief drive. I will inform you of a drop-off location once I secure a place.

Accepting the following donations:

1. Clothing (adult, youth, toddler, infant)
2. Farming & utility tools
3. Flashlights & batteries
4. Canned or non-perishable foods
5. Kitchenware
6. Shoes (adult, youth, toddler)
7. Sanitation and personal hygiene items
8. Blankets/sheets/pillows
9. Light bulbs/lamps
10. First aid kit
11. Socks
12. Towels
13. Baby Supplies (bottles, formula, baby food, diapers)
14. Bottled water

Any monetary donations will be used towards the purchase of farming tools.

Please help me disseminate this request to your friends, families, church and community. Feel free to post on FB, by text or email to anyone and everyone you know. Thank you all very much!
